- Internet und Homepage BIOFECTOR
- <http://www.biofactor.info/>
- <https://www.youtube.com/watch?v=Nd4uwx0ShPc>
- [http://www.biofactor.info/mediapool/137/1375686/data/IPNC2017 BIOFECTOR Presentation.pdf](http://www.biofactor.info/mediapool/137/1375686/data/IPNC2017_BIOFECTOR_Presentation.pdf)
- Publication of Results by Springer, SAB and others
- Summer Schools, Frankenhausen (D), Prague (CZ), Budapest (HU), Tomisoara (RO), Naples (I) etc.
- Collaboration with Partner Projects

- Data Base: BioControl, BioFertiliser & BioStimulants
<http://www.biofactor-database.eu/en/biofactors-homepage.html>
- Active ingredients
- Companies
- Purpose of application
- Crops
- Database managed by Uni-Hohenheim and Fibl-Projekte Frankfurt a.M.

- Talks with Manufacturer Associations
- ABIM <http://www.abim.ch/home.html>
- ABISTA <http://www.abista.eu/>
- EBIC <http://www.biostimulants.eu/>
- IBMA <http://www.ibma-global.org/>
- Workshops together with DPG, JKI und BVL
- Datatransfer from JKI, Fibl, Universities etc.

- Harmonisation of Registration in the EU is a Problem
- Transfer from Laboratory to Practice
- Confirmation of the Positive Ecological Effects
- Publications in Agricultural Journals
- Integration of Government Trials with Bioeffector Trials and other scientific results in a open databank

- Demands of Bio-Stimulant Requirements in EU-Harmonisation
- Price and Cost for Development of Bio-Stimulants in the Market Place, including Conventional Agriculture
- Cost-Effective Application Methods for Bio-Stimulants

Bioeffectors & Biorationals to Ensure Food Supply and Protect the Environment
