

19th International Reinhardsbrunn Symposium on Modern Fungicides and Antifungal Compounds

April 07 – April 11, 2019 - Friedrichroda, Germany

For over 50 years the name »Reinhardsbrunn« has become famous in scientific circles for the Symposium series which draws together fungicide scientists from academia, research institutes and industry to present, listen to and discuss the latest research findings from around the world in this fast moving field.

Such research is a vital component in the quest to provide adequate control of the fungi that threaten the world's food supply and commodity products. Only by discovering new active molecules by synthetic chemistry or from natural sources and by understanding how they work and how best to use them in geographically different locations, can we hope to maintain and improve the quality of life for the world's growing population.

The 2019 Symposium will build upon the Reinhardsbrunn reputation by providing an opportunity for established experts and those just starting on their scientific career to present information to an international audience through oral presentations and posters. In addition, outstanding experts as key note speakers will introduce into the symposium and the single topical sessions. There will be ample time to discuss the findings and their implications both during and after the presentations. The Symposium thus also provides a unique opportunity to establish new contacts and friendships within fungicide science.

It is the intention of the Symposium Committee to arrange a well balanced program with participants and perspectives from around the globe, and sufficient time for discussion.

The contributions of the Symposium will be published as Proceedings of the Reinhardsbrunn-Series »Modern Fungicides and Antifungal Compounds« Vol. IX.

We look forward to welcome you as an active participant in this Symposium.

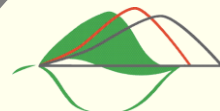

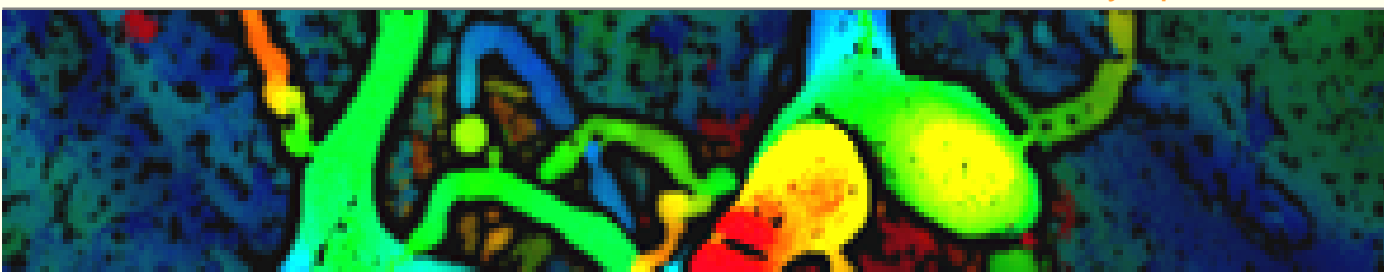

Conference Organization:

Prof. Dr. Holger B. Deising
Dr. Falko Feldmann
Dr. Christian Carstensen
c/o Deutsche Phytomedizinische Gesellschaft DPG
Messeweg 11/12, D-38104 Braunschweig, Germany

Preliminary Program Sunday, April 07, 2019 (17:00) – Thursday, April 11, 2019 (12:00)

Arrival and Registration (April 07, 17:00)

Welcome Reception (April 07, 20:00)

Opening Prof. Dr. Holger B. Deising (April 08, 08:30)

Keynote Lectures

Prof. Dr. Uwe Conrath

Bifunctional fusion peptide and microgel-based release system for plant health

Prof. Dr. Holger B. Deising

Are biologics and biologicals consumers' friends or foes? Plant disease control based on toxic microbial secondary metabolites

Dr. Falko Feldmann

The fungicide registration process: transparency of efficacy evaluation?

Dr. Claudia Godoy

Overcoming the threat of Asian soybean rust in Brazil

Dr. Susan Knight

Review of fungicide resistance management in Asia

Prof. Dr. Jon West

Smart monitoring of airborne plant pathogens

Planned Sessions (Chairs to be announced)

New fungicides, targets, and modes of action

New technologies and applications

Digital pathogen sensing

Biorational fungicides / biocontrol

Resistance risk assessment

Resistance modelling

Fungicide resistance monitoring: regional and global aspects

Resistance management

Regulatory aspects

Postharvest fungicide management

Translational aspects: from lab to field

Poster Demonstration

(April 08, 16:00)

Excursion and Conference Dinner

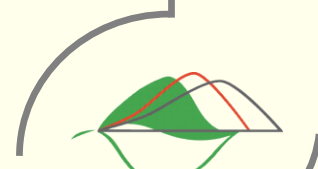

(April 09, 14:00)

Closing Remarks and Farewell Prof. Dr. Holger B. Deising

(April 11, 11:00)

for
Papers

The full program and timetable will be available in early 2019 at our website.

How to register:

Please register by using the *online registration form* available at <http://plant-protection.net/de/reinhardtsbrunn>

How to submit a paper or poster:

In addition to invited lecturers the symposium will be based on oral papers and poster presentations. Please submit the abstract of your contribution using the *online registration form* available at <http://plant-protection.net/de/reinhardtsbrunn>

Deadlines:

Registration <i>with</i> contribution	October 31, 2018
Submission of abstract	October 31, 2018
Registration <i>without</i> contribution	March 1, 2019
Submission of hotel registration	March 1, 2019
Latest payment of lower conference fees	March 1, 2019
Submission of complete manuscript for the Proceedings	September 1, 2019

Conference fees (incl. lunch and beverages):

Payment	<u>before</u> March 1, 2019	<u>after</u> February 28, 2019
Regular Participants:	430.00 €	500.00 €
Students (with ID):	200.00 €	250.00 €
DPG Junior members:	150.00 €	
Conference excursion:	80.00 €	

Accommodation:

The Symposium will be held at the *H+ Hotel, Thüringer Wald* in Friedrichroda/ Germany. The Hotel is able to provide accommodation for participants at a special package price which *includes room and breakfast*.

Single room from	80,00 € per day
Double room (for two)	104,00 € per day

Reservations have to be made with the hotel: hplus.friedrichroda@h-hotels.com
Accommodation has to be paid directly to the hotel.

More hotel-information: www.hplus-friedrichroda.de

Excursion

For Tuesday afternoon (April 9, 2019) an excursion has been organized that will take us to the city of Merkers-Kieselbach. We will be taken on a 2,5 hours guided underground tour in *Merkers Adventure Mines*, a former potash mine turned into a tourist attraction. Highlights of the tour include the stunning crystal grotto, the historical gold room, the "world's deepest concert hall", a unique underground bucket-wheel excavator, and a simulated blasting a couple of hundred meters below the surface. Afterwards we will enjoy the conference dinner with a Thuringian specialties buffet at the *Kurhaus am Burgsee* in *Bad Salzungen*.

Excursion fee including dinner: € 80,00

Program Committee:

Prof. Dr. H.B. Deising (Chair), Dr. B. Fraaije, Dr. A. Mehl, Dr. E.C. Oerke, Dr. H. Sierotzki, Dr. G. Stammler
